

# Brazilian Plume or Pink Jacobinia

## *Justicia carnea*

- **Use:** A charming addition for any sunny to partly sunny exposure, As easy to grow as any in this genus, it tops the list as a free bloomer. Use it to brighten south, east or west exposures. Makes a nice potted container for the summer garden.
- **Exposure/Soil:** **Part** sun to shade; moist, well drained soil; dislikes wet sites. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Moderate grower to 12-20" tall and 12-20" wide. Deadhead often for rebloom.
- **Hardiness:** Zone 8-10; (20 degrees) Tender Perennial/ Annual; Plant in a protected place near the home. Mulch around the plant in winter.
- **Foliage:** Deciduous. Green leaves.
- **Flower:** The pink, tubular blooms appear all summer long and are great for attracting butterflies and hummingbirds. Nonstop flowers May– October

**Long-  
blooming  
tropical and  
very easy to  
grow!**
