Loves the cool weather months and is very fragrant!

Matthiola incana 'Mime Series'

- **Use:** Sturdy, well-branched plants produce an abundance of early bright, fragrant flowers. They are excellent for cutting for small bouquets. Prefers cool growing conditions. Adds color and fragrance to cool-area or cool-season bedding displays.
- **Exposure/Soil:** Prefers morning sun and afternoon shade in the South. Moist, well-drained soil, but not soggy.
- **Growth:** Grows 15-20" tall and 6" wide.
- **Hardiness:** Zone 7-9; Perennial (Used Often as an Annual; Hates summer heat so protect from afternoon summer sun or treat as an annual.)
- **Foliage:** Evergreen. Small true-green leaves.
- **Flower:** Produces single or double flowers on short, well-branching plants in an array of fragrant colors.
