

Violet Easy Wave Petunia

Petunia 'Wave Pink'

- **Use:** You'll always stand out in the petunia market with Easy Wave. Coming in a wide array of decorator colours. Put their huge versatility to work – they're perfect for solo and mixed planters and baskets, gardens and landscapes. Loved by hummingbirds.
- **Exposure/Soil:** Plant in full sun to partial sun. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results.
- **Growth:** Densely-branched, it reaches about 6-12 inches tall and spreads 3 to 4 feet wide before you can turn around! More mounded with more controlled spread than Wave® varieties.
- **Hardiness:** Zone 8-11 Annual; Many people have success with them reseeding and coming back every year.
- **Foliage:** Deciduous. Pinch back tips occasionally for a super bushy plant.
- **Flower:** Its spreading habit is just stunning, covering ground at the rate of several inches every single day in summer, and trailing lots of big, colorful blooms as it goes! Violet blooms that just glow in the sunny garden or hanging basket.
