Petunia sp. 'Dreams Series'

- **Use:** Great for use in containers, flowerbeds, and large landscapes. Loved by hummingbirds. The terrific season-long performance with lots of “flower power” and excellent branching assures satisfied gardeners. Each compact and floriferous plant is covered with an abundance of 3-in./ 7-cm blooms. All of the colors put on impressive, easy-care shows in pots, beds and mass plantings throughout the Summer, right up until frost.
- **Exposure/Soil:** Plant in full sun to partial sun. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results.
- **Growth:** Growing just 10 to 15 inches tall and trails 2-3 wide, it's a favorite plant for use in entrances to subdivisions and hills.
- **Hardiness:** Zone 8-11 Annual, Many people have success with them re-seeding and coming back every year. Can handle light frosts above 26 degrees.
- **Foliage:** Deciduous. Pinch back tips occasionally for a super bushy plant.
- **Flower:** Trumpet-shaped flowers that are 2 to 3 inches across. The Dreams series deliver large blooms and an even plant growing habit among all 16 colors. They have a good tolerance of Botrytis. They come in a wide variety of bright colors and do well from early spring until late fall.
