

# Headliner Series Petunia

## *Petunia 'Headliner Series'*

- **Use:** Headliner™ Petunias will have you wondering how on earth they managed such an artistic interpretation of a velvety flowers scattered with twinkly white stars. Headliner takes the simple petunia to a new level. These petunias are perfect for hanging baskets and containers, but also work well in the border. Petunia flowers produce a sugary nectar that hummingbirds and butterflies love.
- **Exposure/Soil:** Plant in full sun to partial sun. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results.
- **Growth:** Stretching 10-16 inches tall and almost 24-36 inches across.
- **Hardiness:** Zone 9-11 Annual, Vigorously branching plants have an upright mounding habit, making it perfect for containers or the flowerbed.
- **Foliage:** Deciduous. Pinch back tips occasionally for a super bushy plant.
- **Flower:** Boldly goes where no petunia has gone before...Light years from usual! This might be the most distinctive bloom you've ever seen on this planet. Blooming from spring to fall this series just keeps growing with more and more unusual colors to choose from. Cooler temperatures bring out more highlights in the blooms.

**This bespangled series produces vibrantly colored flowers flecked and spattered with white-cream against a vivid colored background.**
