

Double Purple Wave Petunia

**Boasting
all the
free-
flower-
ing vigor
of its
single-
flowered**

**cousins,
Double Wave® is a joy for 3
full seasons a year.**

Petunia 'Double Purple Wave'

- **Use:** Wave® is far and away the most popular Petunia for American gardens, and it's no exaggeration to say that this gorgeous series single-handedly launched a revolution in Petunia growing! They bloom from spring through fall, need very little attention to always look their best, and spread magnificently, trailing from baskets and planters. So what can possibly top a Wave®? Only a Double Wave®, of course!
- **Exposure/Soil:** Plant in full sun to partial sun. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results.
- **Growth:** Just 6 to 8 inches high, it is both mounding and spreading, reaching a full 2 feet long within just a matter of weeks.
- **Hardiness:** 8-11 Annual, Vigorously branching plants have an upright mounding habit, making it perfect for containers or the flowerbed.
- **Foliage:** Deciduous. Pinch back tips occasionally for a super bushy plant.
- **Flower:** Dark pink-purple double blossoms standing out beautifully against bright green foliage. The flowers arise nonstop until frost, and all this plant asks for is water, food, and plenty of sunshine!
