You know what else is totally wicked? I'm disease resistant, self-cleaning, and have sturdy stems so I always look good.

Petunia 'Supertunia Bordeaux'

- **Use:** I make **OTHER plants green with ENVY.** Supertunia petunias are vigorous with slightly mounded habits that function as both fillers and spillers in containers. They are also excellent landscape plants, best suited to be placed near the front of beds. They have medium to large sized flowers.
- **Exposure/Soil:** Plant in full sun to partial sun. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results.
- **Growth:** So in a garden bed, border, or landscape feature we grow 6-12 inches tall, and spread w-a-a-y out. As much as 2.5+ feet. You want to fill an area with wall-to-wall medium pink flowers all season? I'm your plant. Hanging baskets, window boxes, patio containers, same story.
- **Hardiness:** Zone 10-11 Annual,
- **Foliage:** Deciduous. It's pointy leaves remain green in color throughout the season.
- **Flower:** The pink to dark purple ombre flowers of Petunia Supertunia Bordeaux (Petunia hybrid) will make this plant your all-time favorite petunia. It will provide spectacular color in your garden from spring through fall. The veins in the petals are dark purple
