

Cupcake Series Purslane

This is the plant for you if can't remember to water or have a terribly hot baking situation. This relative of the cactus is the solution for you then!

Portulaca oleracea 'Cupcake Series'

- **Use:** A tough, colorful heat loving series known for early and profuse blooms. Great drought tolerance. Cupcake are bred for its excellent flower power and super performance in heat and tolerance of dry conditions.
- **Exposure/Soil:** Full hot sun! Water when top 3 in. of soil is dry, allowing to dry out slightly in between waterings. Use slow release fertilizer for best results. If you forget to water they will forgive you, but don't over water them!
- **Growth:** Grows 8-10" tall and 12-18" wide, maybe taller if deep shade or rich soil. Use in patio containers, hanging baskets and beds
- **Hardiness:** Zone 9-11, annual, houseplant. Protect from temperatures below 45 degrees.
- **Foliage:** Small leaves. Succulent like feel holds water well in dry conditions.
- **Flower:** Neon colored blossoms persist from spring to fall
