

# Kong® Premium Shade Coleus

**We think they look fantastic with Dragon Wing Begonias and Impatiens!**

## ***Solenostemon scutellarioides 'Kong Series'***

- **Use:** HUGE foliage with unique color combinations on leaves adds interest to shade garden beds and containers. The brilliant colors explode in sunny locations. Coleus plants are durable and easy to grow. Grows quickly and puts on a massive display during the summer. Excellent shade option for large containers, large mixed combos and landscapes.
- **Exposure/Soil:** Sun – shade (less color on leaves in shade) Provide well-drained, moist soil, but not soggy. Use a slow release fertilizer. Superb in borders, beds, and open woodland gardens.
- **Growth:** Grows quickly 18-20" tall or more and 15-18" wide
- **Hardiness:** **Zone** 9-10, annual or houseplant, some people have luck with them coming back in sheltered locations
- **Foliage:** Extremely large leaves and unique patterns on well-branched plants.
- **Flower:** Not known for flowers, but they are small flowers on purple stalks in fall.
