American Dream® Amaryllis

Amaryllis are easy to grow holiday favorites. They make the perfect gift for children, grandparents, teachers, and anyone with lack of gardening experience.

Hippeastrum 'American Dream'

- ***Use:*** A large-flowered Amaryllis and is a real eye-catcher with its special purple-red and white color accents. The dark red edge of the flower provides a nice contrast. It will make your home a really happy place, no matter how the snow falls or the winds howl. Each bulb will produce at least 2 stems and a total of 8+ flowers.
- ***Exposure/Soil:*** Prefers full sun to part sun. Water regularly, when top 3 in. of soil is dry. Drought tolerant when established, but prefers moist soil, but must be well-drained. Prefers a snug pot and allow soil to dry out in between waterings. Ask cashier for a handout on care.
- ***Growth:*** Grows 1-2' tall (higher light and not overwatering will help prevent stretching). The bulb will send out more stalks of flowers and grower larger over time.
- ***Hardiness:*** Zone 7/8-10 Perennial; Herbaceous.
- ***Foliage:*** Deciduous. Long, strap-like leaves.
- ***Flower:*** Shades of purple, red, and white intermingle to dramatic effect on the large, dazzling, 8-9" blossoms of Amaryllis 'American Dream.' Rich berry tones tend to concentrate around the center of the broad-petalled blossoms while white is most visible on the lower portions of the bottom petals.
