

# Artic Nymph Amaryllis

**Comes back every year and very easy to grow! Sells for over \$20 in bulb catalogs! We pride ourselves in selling larger bulbs than the box stores that will produce more stems and flowers.**

## ***Hippeastrum 'Arctic Nymph'***

- **Use:** This easy-to-grow bulb is a real gem! Our bulbs are larger than most other stores which means more flowers! Plant 7 weeks before Christmas to enjoy flowers for the holidays! Amaryllis are perennials here in Georgia and come back every year with more and larger flowers each summer! Our premium Dutch bulbs are selected for their size, beauty and reliability. Each bulb will produce at least 2 stems and a total of 8 flowers.
- **Exposure/Soil:** Prefers full sun to part sun. Water regularly, when top 3 in. of soil is dry, but allow soil to dry slightly in between watering. We don't recommend forcing them in straight water. Drought tolerant when established. Plant outdoors in late April in sandy soil and they will come back each year in zone 8.
- **Growth:** Compact type to about 1-1.5' tall
- **Hardiness:** 7-10 Perennial Herbaceous.
- **Foliage:** Deciduous. Long, strap-like leaves.
- **Flower:** Glacial white with hints of green deep inside, the fully double blooms of 'Arctic Nymph' are not only large (to 7" across) but carried on sturdy stems. This winter white will be stylish anywhere. Allow 8–10 weeks from bulb to bloom, but can vary depending on your conditions.
