

Red Lion Amaryllis

Comes back every year and very easy to grow! Sells for over \$20 in bulb catalogs! We pride ourselves in selling larger bulbs than the box stores that will produce more stems and flowers.

Hippeastrum 'Red Lion'

- **Use:** This easy-to-grow bulb is a real gem and one of the top sellers of Amaryllis! Our bulbs are larger than most other stores which means more flowers! Amaryllis are perennials here in Georgia and come back every year with more and larger flowers each summer! Our premium Dutch bulbs are selected for their size, beauty, and reliability. Each bulb will average 2 stems and a total of 8 flowers, but the larger the bulb the more stems and flowers it will produce.
- **Exposure/Soil:** Prefers full sun to part sun. Water regularly, when top 3 in. of soil is dry, but allow soil to dry slightly in between watering. We don't recommend forcing them in straight water. Drought tolerant when established. Plant outdoors in late April in sandy soil and they will come back each year in zone 8.
- **Growth:** Grows 12-18" tall. The bulb will send out more stalks of flowers and grower larger over time. Too much water or low light can cause stems to elongate.
- **Hardiness:** 7-10 Perennial Herbaceous.
- **Foliage:** Deciduous. Long, strap-like leaves.
- **Flower:** Deeply textured, crimson blooms. After flowers have faded keep watering bulb lightly until last spring frost and then plant in your garden.
