

Purple One Ornamental Onion

Multiple uses! Chives for cooking and the flowers are very attractive later in the season. in the border, as kitchen herb and as excellent pollinator plant.

Allium schoenoprasum 'Purple One'

- **Use:** Very nice in small groups and in large drifts. Large and rich flowering. Uniform growth. Heat tolerant. Drought tolerant. Suitable for natural landscaping. Use for low maintenance plantings. Deer resistant. Easy to grow. This perennial will grow in an upright fashion, with flowers held above the foliage. It is a very nice choice for a variety of landscaping areas.
- **Exposure/Soil:** Full– part sun (but must be 5-6 hours of sun) . Well-drained sandy soil. Tolerates summer drought, but should be kept moist during growing season.
- **Growth:** Grows 12 to 15 inches tall, with a similar spread.
- **Hardiness:** Zone 3-9; Perennial
- **Foliage:** Deciduous. The leaves are very narrow, growing in a clump forming fashion, and a very attractive deep green to bluish-green in color.
- **Flower:** The rounded flower clusters bloom in abundance from late spring into the summer. They are a nice violet-purple in color in May to August or later..
