

# White Jade Pineapple Plant

**A real conversation piece!**

## ***Ananas comosus 'White Jade'***

- **Use:** 'White Jade' Pineapple is a highly sought after Hawaiian variety. The white fleshed fruit of 'White Jade' is ultra sweet, with very low acidity. The core is 100% edible too! The leaves are spineless which makes handling much more enjoyable. The fruit of 'White Jade' does not ship well so it is best suited for backyard gardens. 'White Jade' will produce a tasty reward far better than anything found in the grocery store for those who plant them.
- **Exposure/Soil:** Full– part sun. Moist, well-drained soil, but not soggy. Water regularly, when top 3 in. of soil is dry. See handout at cashier's station
- **Growth:** Grows about 3' tall.
- **Hardiness:** **Zone 9-11;** Annual, Must bring inside in the winter.
- **Foliage:** Leaves most, type arrangement, sword form, 40-90 cm long, 4-7 cm wide, apex acuminate, margin entire or with sharp teeth, the front green, green flour, margin and apex often with maroon, was born in the top of the inflorescence leaves smaller, often red.
- **Flower/Fruit:** **100% edible core, Sweetest pineapple out there, Low acid**
