

# Bravo Cabbage

**The Southern States Bravo Cabbage is an industry standard for its long and vigorous growth capabilities**

## ***Brassica oleracea 'Bravo'***

- **Use:** 85 Days. Outstanding field performance. This rugged hybrid has performed well from the Deep South in winter to the North in summer. The large, round heads are uniform and a beautiful blue-green color. Use close spacing (10-12 in.) for market and wide spacing (18-24") for sauerkraut.
- **Exposure/Soil:** Full to part sun. They must have well-drained soils, so if you have red clay you must amend it. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Grows 12" tall and wide. Recommended spacing is 12 to 15 inches on rows at least three feet apart. You can also increase production in small garden by planting a double row on a bed.
- **Hardiness:** Zone 3-9; Vegetable; Can be planted in spring or fall. Not heat hardy.
- **Foliage:** Produces large, blue-green heads with cream colored inside.
- **Flower:** Not known for flowers.
