

Chili Chili Ornamental Pepper

These ornamental peppers are not for eating, but make a show stopping display in your flowerbed!

Capsicum annuum 'Chilli Chilli'

- **Use:** Unbelievably profuse, this bright upright peppers fill the garden and your best containers with every bright shade of orange, red, crimson, scarlet, and magenta over a long, lovely summer season.
- **Exposure/Soil:** Full sun or at least 5-6 hours of afternoon sun. Water regularly, when top 3 in. of soil is dry. Use slow release fertilizer for best results. Keep water off leaves and flowers.
- **Growth:** Plants can grow 3 to 4 ft tall.
- **Hardiness:** 9-11, annual, houseplant.
- **Foliage:** Small leaves.
- **Flower:** Fruits are thin and twisted in a cone shape, held prominently upright over the foliage. Fruits start out ivory and as they mature turning yellow to orange and finally red.
