*Slicing type
*Very good
yields
*Excellent shape

Cucumis melo var flexuosus 'Slice More'

- **Use:** Meet your soon-to-be favorite slicer for fresh, sweet, mildly flavored cukes! Always bitter-free and juicy, this highly uniform, productive variety can be depended upon to set a big crop every time. This hybrid slicing cucumber has shown excellent yield characteristics in commercial plantings. Slice More offers a good L/D ratio and dark green color with straight fruit. Ideal when a consistent slicing cucumber is desirable.
- **Exposure/Soil:** Full sun or at least 5-6 hours of afternoon sun. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Plant every 18" in rows 6' apart.
- **Hardiness:** Zone 9-11, Annual,
- **Fruit/Flower:** Uniform, coming in at about 8½ inches with blunt tips for better fill and a smaller seed cavity for an extra nibble in every cuke. The texture and flavor are so pleasing, and so dependable!
