

Five Star Gourmet Lettuce

Grow a good selection of lettuce and your salads will taste better than you ever imagined. The secret for the sweetest lettuce is to keep it growing fast.

Lactuca sativa 'Five Gourmet'

- **Use:** A specially designed blend based on years of trial research to make your salad mix stand out from the crowd. Selected varieties yield darker reds and greens even under low-light conditions.
- **Exposure/Soil:** Full to part sun and keep the soil evenly moist.
- **Growth:** Grows 6-8" tall and wide and larger. 30 days to baby lettuce; 55 days to full size.
- **Hardiness/Harvest Time:** Annual / Yields in less than 90 days.
- **Foliage:** The components were selected for their uniform growth rates, ability to hold their color (especially red leaf varieties) and resistance to downy mildew. Includes green oakleaf, red oakleaf, red romaine, green leaf, and red leaf lettuces.
