

Prospera® Basil

Ocimum basilicum 'Prospera®' PP

- **Use:** This new disease resistant basil is a breakthrough for home gardeners. Massive plants are highly productive and Cook with your own fresh herbs! Plant produces excellent yields of very flavorful and tender large 3" long medium dark basil leaves. Preferred by chefs because it is sweeter and less clover-like than other varieties. Used in sauces, salads, and Italian dishes.
- **Exposure/Soil:** They love full hot sun, but be sure to keep them well watered, but not drowning. If growing indoors they need high light in a sunny window. Pinch tips back occasionally to produce a bushy plant! Use slow release fertilizer for best results
- **Growth:** Grows 1-2 ft tall and continues to spread.
- **Hardiness:** 9-10, Annual
- **Foliage:** Edible leaves are 3" long glossy, medium green cupped leaves and *Fusarium resistance*—and the added benefit of *downy mildew resistance*.
- **Flower:** Purple spikes of flowers in fall.
