

Oregano

Origanum vulgare

- **Use:** Cook with your own fresh herbs! Also a nice texture plant in your flower pots serving double duty as food and beauty!
- **Exposure/Soil:** They love full hot sun, but be sure to keep them well watered, but not drowning. Pinch tips back occasionally to produce a bushy plant! Use slow release fertilizer for best results
- **Growth:** Grows 12" tall and continues to spread.
- **Hardiness:** 6-10, Perennial
- **Foliage:** Fragrant edible leaves.
- **Flower:** Whitish purple flowers in fall.
