

Raspberry Dressing Rumex

Culinary herb for gardens and containers. Fresh leaves add a delicious lemony taste to salads. Can be used to flavor sauces or egg and fish dishes. Also good as an ornamental with pansies.

Rumex 'Raspberry Dressing'

- **Use:** With its red veined green leaf it is an excellent ornamental edible addition to any culinary or ornamental garden or container. Perfect in salads, it gets its name from its taste which is similar to raspberry vinaigrette. We love how they brighten up mixed containers in winter.
- **Exposure/Soil:** Full sun or at least 5-6 hours of afternoon sun. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Grows 6-10" tall and 6-10" wide.
- **Hardiness:** Zone 6-9; Perennial
- **Foliage:** Ornamental rosettes of maroon-veined green leaves. The young leaves have a sharp, tangy flavor similar to spinach or chard and can be added to salads.
- **Flower:** Not known for flowers, but they flower in the summer.
