

Space Spinach

Popeye's favorite heirloom variety! Less than 40 day to harvest.

Spinacia 'Space'

- **Use:** At last, a three-season spinach! Space Hybrid finishes in 40 days or even less, giving you time to grow an entire second crop in late spring! And with the great heat resistance of this hybrid, you can keep going even after the temperatures heat up! With a tangy, crisp flavor only possible in home-grown fresh spinach, Space Hybrid is sure to become a favorite. So quick it can be ready in little more than a month! And the yields are astounding!
- **Exposure/Soil:** Full to part sun and keep the soil evenly moist.
- **Growth:** Grows 10-12" tall and plant 12" apart.
- **Hardiness/Harvest Time:** Annual / Yields in less than 40 days
- **Foliage:** The leaves are dark green, smooth, and rounded, held upright on super-vigorous plants.
