

# White Fusion Calathea

This plant filters pollutants from the air while releasing oxygen. With this plant in your home, you breathe cleaner air.

This plant is considered non-toxic, therefore safe around children and pets.

## *Goeppertia (Calathea) lietzei 'White Fusion'*

- **Use:** New! For the experienced plant collector that wants a new precious plant in the home! A beautiful accent to your space, with bold markings and abundant foliage. Native to Central and South America. Place it in a white ceramic pot for some extra pop. These plants are hard to come by, and can be a tad bit of work to maintain, so we don't recommend these for absolute beginners. Pet friendly.
- **Exposure/Soil:** Bright , indirect light indoors. Shade outdoors. They prefer well-drained soils. Water regularly, when top 3 in. of soil is dry usually every 7 days indoors. Do not let stand in water. Likes high humidity. Use filtered water to prevent leaf issues.
- **Growth:** Grows very slowly 2-3 feet tall.
- **Hardiness:** Zone 10; Houseplant; Annual; Bring inside in winter.
- **Foliage:** The backs of the leaves are a gorgeous deep purple and there is white and green markings in the front.
- **Flower:** Not known for flowers.
