

Snake Plant/ Mother In Law Tongue

**Very easy
to grow
houseplant
or annual
to put in
your shade planters.**

Sanseveria sp.

- **Use:** Drought tolerant and easy to grow. Just be sure not to over water them! Enjoy indoors or outdoors after frost. Bring inside for the winter.
- **Exposure/Soil:** Water monthly in the winter and 2-3 times per month in the warmer months. Loves shade or sun, just be sure to ease them into the sun slowly over a couple of weeks each day with more sun as they were grown under shadier conditions if you choose to grow them in sun.
- **Growth:** Slow grower to 3' tall and slowly spreading.
- **Hardiness:** Houseplant, Annual
- **Foliage:** Long snake like leaves.
- **Flower:** Not known for flowers.
