

Dwarf Arrowhead Plant

This adorable dwarf variety still stays true to the Arrowhead Vine name with its signature arrow-shaped leaves, but it stays small, compact and fabulous. Perfect for terrariums and equally small spaces in the home.

Syngonium Pixie

- **Use:** Syngonium 'Pixie' is a miniature variety with leaves that begin with a white to light green center, maturing to dark green. Tough, fast-growing, and low maintenance. Prefers a warm, humid environment with bright, filtered light. Apply a balanced, half-strength fertilizer monthly in summer. Syngonium is synonymous with Nephthytis.
- **Exposure/Soil:** Grows well in bright indirect light. In lower light the leaves turn a darker green. Too much light or direct sun burns the leaves or causes the deep green color to fade. likes moist but not soggy soil. During the winter, water less often, keeping the soil barely moist. Do not let plant stand in water in saucer either. Feed monthly during the spring, summer, and fall with a water-soluble balanced fertilizer diluted to ½ the recommended strength. Too much plant food causes excess salt build up in the soil and can cause leaf burn.
- **Growth:** A slow-growing houseplant, it makes for an excellent addition to your favorite desk or tabletop when young. Grows to about 2" tall and 3-4" wide with age.
- **Hardiness:** Zone 11 Annual; Houseplant, must bring inside in the winter or when temps go below 50 degrees.
- **Foliage:** Broad green leaves are white in the center with extra splashes and sprinkles.
- **Flower:** None
