

All Purpose Potting Mix

Good for:

- Indoor/ Outdoor Container
- Seed Starting & Cutting
- Vegetables & Herbs
- Annuals & Perennials
- Trees & Shrubs
- Controlled release fertilizer provides nutrients for up to 9 months
- MycoActive™ Organic Growth Enhancer grows larger root systems for increased nutrient and water uptake, and bigger and healthier plants
- Coconut fibre helps keep plants from drying out during times of drought

The soil we mix we use in our greenhouses contains the same ingredients.

Contains:

- Canadian sphagnum peat moss
- MycoActive™ Organic Growth Enhancer (Mycorrhizae)
- Controlled release fertilizer
- Coir (coconut fibre)
- Perlite
- Limestone
