

Red Velvet Yarrow

Drought tolerant, attracts butterflies, deer resistant, and very easy to grow!

Achillea 'Red Velvet'

- **Use:** A clump forming yarrow with striking fern-like green foliage and flat clusters of deep red flowers from June through September. Deer and rabbit resistant. Road salt tolerant.
- **Exposure/Soil:** Full/part sun; Doesn't like much fertilizer. Needs good drainage and can take poor to moderate soils, but avoid clay and rich soils. Requires little to no fertilizer.
- **Growth:** Spreading to 5', it makes a dramatic statement.
- **Hardiness:** 3-9; Perennial
- **Foliage:** Semi-evergreen.
- **Flowers:** The long-blooming flowers of Red Velvet fade less than older varieties, making this one of the best reds to date. Finely cut fern-like foliage is deep green and in good contrast to the flower color.
