

# Blackjack™ Lily of the Nile

**We love the  
dark blue  
flowers!**

## ***Agapanthus Hybrid 'DWAghyb-02' PPAF***

- **Use:** A drought-tolerant, semi-dwarf, and early blooming variety, its sturdy stems support interesting, almost black buds that open to dark purple flowers. A dramatic midsummer bloomer for the border or large containers. Generally considered deer resistant.
- **Exposure/Soil:** Full to part sun. During the summer, be prepared to give them plenty of water. During the winter they prefer well-drained soils.
- **Growth:** Plant height is 1.2-1.8ft tall and 1.2-1.4ft with an upright leaf habit and broad robust foliage. A very vigorous grower.
- **Hardiness:** Zone 8a-11b, Perennial Mulch around plant in the winter.
- **Foliage:** Deciduous. The leaves are long and strap-shaped and look like large amaryllis leaves.
- **Flower:** Almost black buds open to dark purple flowers in early season. A heavy bloomer.
