

# Ever Midnight Lily of the Nile

## ***Agapanthus 'Ever Midnight'***

- **Use:** This compact agapanthus delights with dark blue flowers that bloom each spring into summer, attracting pollinators to your garden, while broad green leaves anchor the plant to the landscape. Disease/pest resistant and drought tolerant; use as cut flowers.
- **Exposure/Soil:** Full to part sun. During the summer, be prepared to give them plenty of water. During the winter they prefer well-drained soils.
- **Growth:** Grows 18-20" high x 12-15" wide
- **Hardiness:** Zone 8a-11b Perennial; Mulch around plant in the winter.
- **Foliage:** Deciduous. The leaves are long and strap-shaped and look like large amaryllis leaves.
- **Flower:** Blooms early and reblooms, with multiple spikes of deep blue flowers.

Attracts Birds / Butterflies, Clumping Habit, Compact Habit, Cut Flowers, Disease / Pest Resistance, Drought Tolerance, Easy Care, Longer Blooming, Reblooming, Returns Year After Year
