

Lily of the Nile

**We love to
use them
as
cutflow-
ers!**

Agapanthus africanus 'Alba'

- **Use:** Agapanthus bears round heads of whiteflowers on long, stout stems during summer. Mulch well in winter with a layer of bark or leaves at the base of the plant.
- **Exposure/Soil:** Full to part sun. During the summer, be prepared to give them plenty of water. During the winter they prefer well-drained soils.
- **Growth:** Moderate grower to 24 in. tall and wide, 2½ ft. tall flower stalks.
- **Hardiness:** 7-10 Perennial Mulch around plant in the winter.
- **Foliage:** Deciduous. The leaves are long and strap-shaped and look like large amaryllis leaves.
- **Flower:** Huge 10" flower heads of up to 80 pure white flowers each. Very large flower head. The older they get the more they bloom.
