

Metallica Crispa Bugleweed

A great groundcover for shady areas that covers quickly and smothers out weeds.

Sold by the full pack only. Do not break up packs.

Ajuga pyramidalis 'Metallica Crispa'

- **Use:** Plants quickly form a low carpet of medium-sized leaves in an attractive bronze-purple shade. Foliage takes on metallic overtones on mature summer leaves especially if planted in full sun. Short spikes of blue flowers are an added bonus in mid to late spring. Vigorous habit and evergreen in most regions.
- **Exposure/Soil:** Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results.
- **Growth:** Fast growing to 4-6" tall, and 8-12" keeps spreading.
- **Hardiness:** Zone 4-10 Perennial. Very easy to grow!
- **Foliage:** Semi-evergreen. Dense, bronze purple foliage develops a striking metallic sheen, creating a stunning effect in dappled shade.
- **Flower:** Deep blue flowers contrast nicely with the foliage with heaviest bloom in late spring.
