

Pretty Lady Maria Anemone

Anemone hupehensis 'Pretty Lady Maria'

- **Use:** Compact in nature, these are great fall flowering plants for the front of the border. Attractive in fall containers and as showy garden border plants.
- **Exposure/Soil:** Prefers part shade, but will tolerate full sun with supplemental watering. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results.
- **Growth:** Grows 12-16" tall, and 12-24" wide.
- **Hardiness:** Zone 5-9 perennial. Very easy to grow!
- **Foliage:** Has 'dark as night' foliage with gorgeously scalloped leaves. Many winters it will be evergreen, but in a cold winter may go dormant.
- **Flower:** Single, 2" white flowers with a bright yellow center. Flowers late summer through first winter frosts.

Gorgeous flowers for the fall garden.
