

# Fantasy Snow Angel Anemone

**Attractive in fall containers and as showy garden border plants for partially sunny locations.**

## ***Anemone hupehensis 'Fantasy Snow Angel' ('Ifansa' PP31802)***

- **Use:** We've been waiting for the right white flowered anemone to put into the Fantasy series – and here it is! Snow Angel is the first white and boy, is it a good choice. Super vigorous, and with lots and lots of bright white flowers, Snow Angel makes the perfect addition to the Fantasy series and your garden.
- **Exposure/Soil:** Prefers part shade, but will tolerate full sun with supplemental watering. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results.
- **Growth:** Moderate growing; reaches 15-18" tall by 10-15" wide
- **Hardiness:** Zone 6-9 perennial. Very easy to grow!
- **Foliage:** Deciduous; Green foliage is a great backdrop for the flowers.
- **Flower:** Displays an upright uniform habit with large, white, single-type flowers on branching stems in fall. Great for fresh bouquets.
