

# Cannova Orange Shades Canna Lily

**Beautiful as a backdrop in a landscape or as a showpiece on a patio or pool deck.**

## ***Canna indica* 'Cannova Orange Shades'**

- **Use:** Great for landscapes and container plantings in full sun! Striking foliage contrasts with the flowers, making them a great option for mixed combinations or in-ground plantings. Earliest-flowering of cannas, exotic tropical dazzler is a star garden attraction from May right into October.
- **Exposure/Soil:** Full sun–part shade (not deep shade); Water regularly, when top 3” of soil is dry. Use slow release fertilizer twice a year. Once established needs only occasional water.
- **Growth:** Quickly reaches 30 to 48 in. tall, forming clumps 14 to 20 in. wide.
- **Hardiness:** Zone 7-11; Perennial, Mulch around plant in winter.
- **Foliage:** Deciduous. Large, broad leaves.
- **Flowers:** A profusion of orange blooms(usually May-June), cannas continue to flower either until November.
