

Lily of the Valley

Convallaria majalis

- **Use:** These fragrant lilies bloom in mid-summer this year and for many years to come. Protect from the heat and prefer shady locations.
- Great for cutflowers.
- **Exposure/Soil:** Shade with a little filtered morning sun. Water when top 3 in. of soil is dry, allowing to dry out slightly in between waterings. Use slow release fertilizer for best results
- **Growth:** Grows 8-10" tall and continues to spread.
- **Hardiness:** 4-8, Perennial
- **Foliage:** Small leaves.
- **Flower:** Fragrant white blossoms in spring.

Fragrant
blooms!
