

Electric Pink Cordyline

Cordyline 'Electric Pink'

- **Use:** Most used as a height accent in containers and in small garden plantings. Looks elegant as a houseplant. May plant in the ground in spring and they will come back in a protected area with a good mulch layer before winter.
- **Exposure/Soil:** This unique and very hardy plant can be grown at any light level. It's fairly drought tolerant and needs little water. In the summers you can put them outside on the patio. Must have good drainage or they will rot, no red clay.
- **Growth:** Reaches 2 to 4 ft. tall and wide.
- **Hardiness:** Zone 9-10 Annual/ Tender Perennial; Hardy to 15 degrees, but only in sandy soils with great drainage. Very heat tolerant! Mulch around plant in the winter.
- **Foliage:** Long electric pink leaves with darker pink streaks.
- **Flower:** none

Super tough and drought tolerant!
