

Silver Streak Flax Lily

**Great for
tropical
looking
gardens!**

Dianella tasmanica 'Silver Streak'

- **Use:** Will brighten up any dull spot in the garden, is excellent for patios and well lit indoor positions, providing strong color contrast for the modern contemporary home. For a stunning effect, mass plant in gardens and courtyards. Neat foliage is great for use around pools. Excellent at handling drought conditions and versatile to most light and soil conditions.
- **Exposure/Soil:** Prefers part shade, but will tolerate full sun to shade. Keep surface of soil moist, but not soggy. Must have well-drained soil on the sandy side.
- **Growth:** Moderate-growing, grass-like foliage to 4 ft. tall, spreads by rhizomes.
- **Hardiness:** Zone 7/8-11 Perennial. Also may have as a houseplant in high light.
- **Foliage:** Evergreen, but may be deciduous with a very cold winter. Handsome strap-like green and white-striped leaves brighten up garden beds and borders.
- **Flower:** Pale blue, nodding flowers in summer. Stalks of shiny turquoise blue berries lasting from fall into winter create a colorful accent in the garden. The fruit do look like something that came from another planet.
