

# Double Bubble Dianthus

## *Dianthus 'Double Bubble'*

- **Use:** Dianthus are among the best for providing color in late spring and early summer. The PRETTY POPPERS™ Series are semi-evergreen perennials and offer an abundance of red, pink, and white flowers; perfect for the front of the border.
- **Exposure/Soil:** Needs a sunny site with well-drained soil, but will tolerate some shade in the afternoon along with humidity. Regular watering during prolonged dry spells will be necessary. However, they are tolerant of short periods of dryness. Little water needed once established.
- **Growth:** The habit is compact and mounding to a height of about 6-8" tall and 6-8" wide.
- **Hardiness:** Zone 4-9, Perennial
- **Foliage:** Evergreen. Glaucous grey-green foliage provides a stark contrast for these shockingly showy flowers.
- **Flower:** Has double, medium pink flowers with blue-green foliage. Very floriferous and a petite package. Flowers have a good fragrance, making them ideal for using in indoor flower arrangements. Prune off old flowers for longest bloom time.

Very easy  
to grow and  
low maintenance!  
**FRA-GRANT!**
