

EverLast™ Dianthus Series in Decowrap

F.

Enjoy this dianthus indoors during winter and then plant outdoors in late March for perennial blooms.

Dianthus EverLast™ Series

- **Use:** Everlast™ Series Dianthus is an herbaceous evergreen perennial with a mounded form. It brings an extremely fine and delicate texture to the garden composition and should be used to full effect. This super tough performer blooms in spring and summer, with an encore in autumn! Perfect for the cutting garden or as an accent in borders or containers.
- **Exposure/Soil:** Plant in full sun to part sun. Moderate water requirements, but somewhat drought tolerant. Must amend the soil if you have poor soil (like red clay). We recommend the Pro Mix Soil.
- **Growth:** Compact, clump forming 8 to 12 in. tall, 10 to 14 in. wide.
- **Hardiness:** Zones 4-9; Perennial
- **Foliage:** Evergreen Glaucous foliage with unique dense mounding habit.
- **Flower:** These lovely and fragrant flowers flush early in Spring, blooms late into Summer, and flushes again in Fall. It is extremely floriferous in each season. Offers excellent performance in the roughest weather.
