

Ideal Select Dianthus

**Non-stop flowers
from
October until April!
Very long blooming
throughout the year
almost!**

Dianthus 'Ideal Select Series'

- **Use:** Dwarf growing plants that will start blooming in two weeks. A good addition to the front border or used as an edging along a walk way. Will bloom for many years!
- **Exposure/Soil:** Plant in full sun to part sun. Moderate water requirements, but somewhat drought tolerant. Must amend the soil if you have poor soil (like red clay). We recommend the Pro Mix Soil.
- **Growth:** Full sized plants grow to 8-10" tall and wide.
- **Hardiness:** Zones 5-9; Perennial/ biennial
- **Foliage:** Evergreen. Small dark green narrow leaves.
- **Flower:** Blooms red, purple, white or pink. Chinesis/ Barbatus hybrid. Long bloom time. Just trim back old flowers and they will rebloom.
