

Hardy Maidenhair Fern

The delicate fronds of this fern bring a gentle look indoors or in a shady garden

Adiantum pedatum

- **Use:** Beloved for their delicate look. Like most ferns, this specimen with wiry stems and delicate leaves thrives in a moist, humid environment.
- **Exposure/Soil:** Part shade-shade. Water to keep the soil evenly moist but not soggy. Occasionally, water heavily so that excess water drains from the soil, flushing out accumulated salts from the root ball. Discard the drainage. DO NOT FORGET TO WATER!
- **Growth:** Will continue to grow in the pot to about 1 foot tall and spreading, but not very fast.
- **Hardiness:** Zone 3-8, Perennial, houseplant
- **Foliage:** Lacy fronds of deep green, may have black stems.
- **Flower:** No flowers.
