

# Aubergine Lady Fern

**This is a strong grower. A real show stopper again Acorus, Hostas, and Ajuga.**

## *Athyrium 'Aubergine Lady'*

- **Use:** The darkest fern on the market! Feathery and arching fronds start out green and mature into dark purple-black, upright habit. Great for mass plantings.
- **Exposure/Soil:** Prefers part sun to shade. Keep surface of soil moist, but not soggy. Provide humus-rich, moist, but well-drained soil for best performance.
- **Growth:** Rigidly upright grower 12-18" tall and 12-24" wide.
- **Hardiness:** Zone 4-9; Perennial
- **Foliage:** Deciduous; Green fronds emerge and mature to a deep purple-black color. This is by far the darkest fern on the market!
- **Flower:** Not known for flowers.
