

Double Red Avenas

If you have never tried Geums before, they're one of the toughest, heat tolerant and longest lived perennials you'll ever grow!

Geum 'Double Bloody Mary'

- **Use:** Also known as Avenas, this offers a flash of hot colour for the early summer border. This award-winning strain features double blood-red flowers.
- **Exposure/Soil:** Sun– part sun, very easy to please. Provide well-drained, moist soil, but not soggy. Use a slow release fertilizer.
- **Growth:** Moderate grower to 14” tall, 16 wide. Clumps should be divided every 3 to 4 years in spring or fall.
- **Hardiness:** 3-8, perennial. Reseeds
- **Foliage:** Deciduous. Plants form a low clump of coarse green leaves, with branching stems held above bearing medium-sized rounded flowers.
- **Flower:** Double red flowers saucer shaped flowers are held high above foliage on long erect stems. Grown for attractive hairy foliage and long blooming cheerful flowers in summer. Plants may be pruned back hard after blooming, to rejuvenate the foliage.
