## ***Carex flagellifera 'Toffee Twist'***

- **Use:** An OASIS has to START somewhere. A cool season grass. Perfect thriller adding height and drama to any container. The bronze foliage makes it an excellent thriller, adding height, movement and texture to combination planters. Toffee Twist also looks magnificent in borders swaying in the breeze adding drama and interest.
- **Exposure/Soil:** Sun or shade; moist to wet soil; needs ample water in hot dry locations.
- **Growth:** Grows 18-24" tall and wide.
- **Hardiness:** Zone 7a-10b, Perennial
- **Foliage:** Evergreen, though it benefits from a late winter cut back. Leave about 1/3 of the plant in place. Trimming cool season grasses too harshly can irreparably harm the plant. Slender, iridescent leaves offer an elegant sweeping, trailing habit.
- **Flower:** Early spring flowers are slender and form interesting seed heads
