

Cherry Sparkler Fountain Grass

A mass planting of Cherry Sparkler Fountain Grass will definitely turn heads.

***Pennisetum setaceum* 'Cherry Sparkler'**

- **Use:** It has softer, subtler colors than *Pennisetum* 'Fireworks' PP18504, but it still packs a visual punch. The foliage has green and white variegated stripes suffused with pink and rose. This fountain grass sports long, curling, intense-pink plumes all summer long, which add to its charm and blushing palette.
- **Exposure/Soil:** Loves full sun or at least 4-5 hours of afternoon sun. They love the heat! . Requires well-draining soil and appreciates slow release fertilizer. Good drainage is a must so amend the soil.
- **Growth:** The mature height of 2 - 2.5 feet make it perfect for small-scale urban gardens, for layering in color beds, and for mixed containers.
- **Hardiness:** Zone 9-11 Annual; You may have luck with them coming back if you do not cut back the stems in the winter.
- **Foliage:** Deciduous. White and pink striped margins.
- **Flowers:** Large plumes in the late summer/fall!
