

'Merlin' Lenten Rose

Helleborus x 'HGC Merlin'

- **Use:** The 28" wide clump of dark green leaves is topped in late winter with 1' tall stalks of out-facing medium pink flowers. Like others in the Gold Collection Series, this selection flowers the first year, produces many buds and blossoms, and has forward-facing flowers. Deer-resistant and ideal in containers and window boxes.
- **Exposure/Soil:** Part sun-shade. Prefers acidic, (most of our GA soils are acidic) moist, well-drained soil, but not soggy.
- **Growth:** Grows 18" tall and 24" wide; multiplies well.
- **Hardiness:** Zone 5-9; perennial
- **Foliage:** Evergreen, virtually problem free. Foliage is a handsome silvery-green.
- **Flower:** As the flowers age, their color intensifies to an incredibly rich, dark, dusky pink that's truly hard to describe, but resembles something like fall sunset in the high desert.

**A must have
for every
shade
gardener!**
