

Daylily 'Siloam Double Classic'

Can withstand heat and drought, and insects better than most perennials!

Hemerocallis 'Siloam Double Classic'

- **Use:** Best known for its incredible sweet fragrance, this daylily sports magnificent, full double blossoms.
- **Exposure/Soil:** Full– part sun (but must be 5-6 hours of afternoon sun) . Moist, well-drained soil, but not soggy. Use slow release fertilizer two times a year. Once established needs only occasional water.
- **Growth:** Fast-growing and when in bloom, this mid-size clumper reaches 16” tall and 16”wide. Plants do not usually require dividing for several years, but are easily split apart in fall or early spring.
- **Hardiness:** Zone 3-10; Perennial
- **Foliage:** Deciduous. The mounding strap like foliage adds a textural element to the garden when not in bloom. Cut back dead foliage in late fall or winter.
- **Flower:** Beautiful clear peach flowers with a yellow halo and green throat. Petals have perfect pie crust edges and smooth sepals. Blooms appear in late June - early July. Award winner. Reblooms. Remove faded flower stalks for best blooming.
