

Cool As A Cucumber Hosta

Hosta thrive in shade, even in competition with tree roots, hurry! It is hard to find a garden that won't benefit from incorporating some Hosta.

Hosta 'Cool As A Cucumber'

- **Use:** This gorgeous large hosta forms an incredibly showy, cascading clump of green and white variegated foliage. Larger than its parent overall, its foliage is notably upright in youth, but quickly develops into a gracefully arching mound. The long, tapered, pointed leaves have bright green margins which jet towards the clear white center. The leaves are also of greater substance than its parent.

Exposure/Soil: Part sun (best)—shade. Acid, moist, well-drained soil, but not soggy. Use slow release fertilizer two times a year.

- **Growth:** Grows 28" ht x 40" w
- **Hardiness:** Zone 3-9; Perennial
- **Foliage:** Deciduous. Pure white leaves w/ dark green margins.

Flower: In early summer, creamy white scapes carry light lavender flowers.
