

Shadowland Echo the Sun Hosta

Hostas are exceedingly popular perennials in today's gardens due to their versatility in the landscape. Their subtle colors, tall flower scapes, and broad, coarse leaves fill a niche in garden designs that few other plants can achieve. Their large leaves provide excellent coverage for dying bulb foliage. Hostas also grow well in city environments where the air may be polluted by car exhaust, etc.

Hosta 'Shadowland Echo the Sun'

- **Use:** This premium hosta variety is part of a group called Shadowland made up of the finest hostas available today. To be considered a premium hosta, plants must perform superbly in many zones. They must also exhibit exemplary garden presence and performance, have a long season of appeal in the landscape, have leaves of good substance, and demonstrate a greater resistance to common garden pests. The perfect choice for shade, hostas are exceedingly popular perennials in today's gardens due to their versatility in the landscape. Their subtle colors, tall flower scapes, and broad, coarse leaves fill a niche in garden designs that few other plants can achieve. Their large leaves provide excellent coverage for dying bulb foliage. Hostas also grow well in city environments where the air may be polluted by car exhaust, etc.
- **Exposure/Soil:** Part sun–shade. Acid, moist, well-drained soil, but not soggy. Use slow release fertilizer two times a year.
- **Growth:** Vigorous growing clump, to 18-27"(in flower) high and 42-48" wide.
- **Hardiness:** Zone 3-9; Perennial
- **Foliage:** Deciduous; A bright yellow hosta with pronounced rippled margins and the low, mounded habit is more prostrate than 'Diamond Lake', but shares a similar wedge-shaped leaf of thick substance. Thicker leaves mean more slug resistance.
- **Flower:** Lavender flowers appear in midsummer.
