

Shadowland® Waterslide Hosta

Hostas are exceedingly popular perennials in today's gardens due to their versatility in the landscape.

Their subtle colors, tall flower scapes, and broad, coarse leaves fill a niche in garden designs that few other plants can achieve.

Their large leaves provide excellent coverage for dying bulb foliage. Hostas also grow well in city environments where the air may be polluted by car exhaust, etc.

Hosta 'Waterslide' PP30303

- **Use:** With the addition of this beautiful blue Hosta, the color range of the SHADOWLAND® collection is now well-rounded. 'Waterslide' has wavy, ruffled leaves with heavy substance. The blue, rippled leaves look like water splashing in the shade garden, and hold their blue color well into the summer season. Lavender flowers appear on proportionate flower scapes in late summer. This medium-sized hosta is a perfect companion to 'Wheee!' and suitable for landscapes and containers alike.
- **Exposure/Soil:** Part sun–shade. Acid, moist, well-drained soil, but not soggy. Use slow release fertilizer two times a year.
- **Growth:** Vigorous growing clump, to 14" high and 32" wide.
- **Hardiness:** Zone 3-9; Perennial
- **Foliage:** Deciduous. This beautifully blue ruffled Hosta with rippled leaves hold their color all season long. Leaves are of good substance, making them more slug resistant.
- **Flower:** Light lavender flowers appear midseason.
